

## **Viper Energy Partners LP, a Subsidiary of Diamondback Energy, Inc., Announces Public Offering of Common Units**

July 25, 2016

MIDLAND, Texas, July 25, 2016 (GLOBE NEWSWIRE) -- Viper Energy Partners LP (Nasdaq:VNOM) ("Viper"), a subsidiary of Diamondback Energy, Inc. (Nasdaq:FANG) ("Diamondback"), announced today that Viper has commenced an underwritten public offering of 7,000,000 common units representing limited partner interests, subject to market and other conditions. Viper anticipates granting the underwriter a 30-day option to purchase up to an additional 1,050,000 common units from Viper. All of the common units to be sold in this offering will be sold by Viper. The underwriter proposes to offer the common units from time to time for sale in one or more transactions on the NASDAQ Global Select Market, in the over-the-counter market, through negotiated transactions or otherwise at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices.

Viper intends to use the net proceeds from the offering, including the proceeds from any exercise of the underwriter's option to purchase additional common units, to repay a portion of the outstanding borrowings under its revolving credit facility and to fund the purchase price of Viper's recently announced pending acquisition. If the pending acquisition is not consummated in its entirety or at all, Viper intends to use any net proceeds that otherwise would have been used to fund the purchase price of the pending acquisition for general corporate purposes, which may include future acquisitions.

Diamondback has indicated its interest in purchasing all common units offered that are not purchased in the public offering, up to a total of 5,000,000 common units. These common units would be purchased directly from the underwriter at the price per common unit paid by the underwriter to Viper.
